

GREAT FIELD TO HERE IS WHAT RACE TOMORROW THEY SAY ABOUT AT HOME TRACK CIVIC PROGRAMS

Some of Best Thoroughbreds Running On American Courses Expected To Be In Action

Seventeen of the best horses in American training today were nominated for the \$5000 added Exposition Handicap at Tanforan tomorrow, Saturday, April 10. The feature, fashioned for 3 year olds and upward at a mile and a sixteenth, is the last important test prior to the \$10,000 added Marchbank Handicap, closing stake of the spring meeting there on Saturday of next week, April 17.

Seabiscuit, great 4 year old owned by Charles S. Howard of San Francisco, tops the sparkling list of nominees. He was second to Rosemont in the Santa Anita Handicap, and undoubtedly the most improved horse in racing today.

Major Austin C. Taylor, Vancouver, B. C. sportsman, furnishes the main opposition for Seabiscuit in his sterling pair, Indian Broom and Special Agent, both track record holders at Tanforan.

H. C. Hatch, another Canadian sportsman, was the largest nominator for the stake, naming Sweepstaff, Ariel Cross and the French star, King Kong.

Another French ace, Grand Manitou, owned by Raoul Walsh of Hollywood, is expected to figure prominently in the running of the Exposition Handicap. He is training here in faultless style.

Other nominations include Don Roberto, the gargantuan California-bred champion; Rushaway, the "triple Derby Winner;" War Glory, a fast son of Man o' War; Moon Side, a mud-running star, and such other good ones as Joey, Sobriety, Lloyd Pan, Sallys Booter, Sarada and Bubblesome.

FREE DANCE FOR ALL DALY CITY BY MERCHANTS

Radio And Washer To Be Given Away at City Hall On April 17

Every Daly City resident and his friends are invited to attend a gala free community dance to be held at the city hall, Saturday evening of next week. The Daly City Merchants Association is sponsoring this affair and will at that time hold the prize drawing for the big Crosley radio and the DeLux Apex washer.

Tomorrow the local trading program swings into its big final week. Daly City business houses have given away nearly 70,000 coupons with sales during the past six weeks. Each coupon bears a numbered stub and entitles the customer to one chance to win the radio or washing machine.

Be Kind To Animals Week Starts Sunday

Lovers of animals throughout the United States are co-operating this year with a keener interest than ever before to make the National Observance, "Be Kind To Animals Week," from Sunday to Saturday of next week inclusive, more helpful to the welfare of animals than in any preceding year since this observance was inaugurated in 1915 by the American Humane Association.

The indebtedness to animals, that many people have known, for protection through acts of heroism and fearlessness in moments of disaster, is frequently found in the press, accounts such as the cat who recently roused her mistress in the night and saved her and other members of the family from suffocation by smoke.

Countless stories can be told about dogs who have saved the lives of human beings through courage and intelligence. One remarkable story is that of Bonita, a great St. Bernard, owned by Mr. and Mrs. George Schapp, of Berkeley, California. This dog, when fire was caused by the explosion of a cleaning fluid, threw all her weight and strength

President Roosevelt, W. L. Stephens And J. Addleman Make Statements On Civic Recreational Areas

After publishing statements from local leaders concerning the proposed civic improvements in Daly City, The Record steps outside this immediate vicinity to secure and publish comments from national figures on programs of public development similar to the one proposed here.

President Roosevelt says, "Particular stress should be laid upon the building and the use of recreational community centers which, depending upon local conditions and energy, ability and enthusiasm of local youth groups, can be anything from an old fashioned swimming hole to a complete center including all types of athletic facilities, community houses libraries, classrooms, etc."

"In most communities these recreational and community centers can be made self liquidating. Substantially all of the direct labor in the creation of these centers shall be performed by youths themselves, working as apprentices under the direction of skilled mechanics."

EDUCATOR

W. L. Stephens, an outstanding educator, makes this statement, "Forty-three per cent of the child's time is spent outside of sleeping, eating or going to school."

"More than ten hours daily for what? The answer is, for what the people provide in the nature of pursuits in that period. Home chores have practically disappeared. Home study and home chores average less than two hours daily. We are speaking of children to the age of 18 years."

"Machinery has replaced the wood pile, the coal bin is going, also the broom, as are hundreds of jobs the youth formerly had. Apprentice jobs for boys are gone. All child labor will be abolished during the present year."

"Children have left eight hours daily—out of bed, out of school, out of dining room, out of chores and home study. Movies, magazines and tabloids get heavy patronage with slight mental improvement and no physical benefit."

"The greatest opportunities of this

Car Breaks Fire Plug And Signal

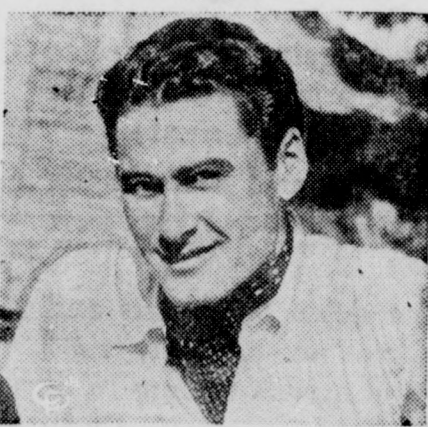

After breaking off a fire plug and knocking down a signal post at the corner of Mission street and Hillcrest drive at 5:35 a. m., Wednesday morning of this week, a heavy sedan, driven by T. J. Davin, 1919 Ellis street, San Francisco, crashed into the front of McGraw's Pharmacy, breaking a plate glass window, both front doors and damaging the corner of the building.

Davin said he fell asleep and lost control of his auto.

Drug store stock was damaged to a considerable extent by water which spouted from the broken fire plug before city department employees closed an emergency valve.

Local police arrested Davin. He was released on posting \$25 bail.

Star Wounded On Spain Battlefront

Errol Flynn

Errol Flynn, actor and adventurer, who was recently reported wounded by machine gun fire while visiting the Madrid battlefront. He left the United States for Spain in February, saying he would be a "sort of war correspondent." Lily Damita, his actress wife, prepared to rush to the side of her injured husband. Flynn, at first reported killed, was later said to have sustained only a slight facial wound.

Comely Writer On Aerial Odyssey

Across the Pacific Ocean by air. This ambition of Violet Sweet Haven, press advisor to Attorney General Homer S. Cummings, was realized recently when she left Alameda, Cal., airport aboard the China Clipper, bound for the Philippines. While aboard the

Clipper, Miss Haven plans to take shorthand notes of conversations and sights aboard the trans-Pacific airship. These notes will later be used as the basis of a series of feature articles for various national magazines and for King Features Syndicate Inc., Miss Haven said.

GUESTS SPEAK CLEAN UP WEEK AT MEETING OF FOR DALY CITY BUSINESS MEN WILL BE HELD

Prize Awarding, Closing Of Stores On Sunday And Activities Discussed At Merchants Meeting

Three guest speakers were present and many important issues came on the floor of an active business meeting held by the Daly City Merchants Association, Wednesday evening of this week.

George Allen, nominee for president of the Central Council of Civic Clubs in San Francisco and president of the Visitation Valley Improvement Association, addressed the business men on matters of civic welfare. Allen expressed the belief that Daly City is advantageously situated on the peninsula and is

COASTSIDE BOY SWEEP TO HIS DEATH IN SURF

Wave Washes Half Moon Bay Student Off Rock—Efforts To Swim Futile

A 19 year old Half Moon Bay High School senior was swept to death Sunday afternoon of this week before the horrified gaze of his sister, a brother and young friend.

The victim was Leo Benedetti, son of Peter and Angela Benedetti of Moss Beach.

With his brother Frank, sister Bernice and Gino Bracciotti, 16, also of Moss Beach, young Benedetti had gone on a surf fishing trip to Green Canyon, just north of Montara.

At about 2:30 p. m., the others told Constable Fred Simmons and State Highway Patrolman John Quinlan, the student was fishing from a point

SIT DOWNERS

At Phoenix, Ariz., Tuesday of this week, a wild bee swarm staged a successful sit down strike on a lamp post at a busy downtown corner.

They resisted eviction by police and firemen and buzzed off only when scouts returned apparently with word that there weren't enough flowers in Phoenix parks to make it worth while.

Health Board Divides Town Into Five Sections—Trucks To Spend One Day In Each Area Collecting Rubbish

The Daly City Board of Health will, starting Monday of next week, sponsor a community clean up week. Following is a bulletin of instructions prepared by Dr. A. A. Shaghoian, health officer of Daly City:

"A clean and attractive city is possible only by having clean streets, clean and attractive homes and surroundings, clean basements and yards and by keeping them that way. To help everyone do this, your health department will have a truck and a crew call at every home and pick up all rubbish you have. There

FIRE FIGHTERS IN PREPARATION FOR '37 SEASON

County Warden Announces All Equipment Has Been Overhauled

While the grass is still green, the fire department of San Mateo County is getting into trim for the coming fire season.

"The department will be ready and in tip top shape by May 1 with all equipment as good as new," declared Fire Warden Bert L. Werder this week.

IMPROVE EQUIPMENT

In addition to repair work being done at the shop in Redwood City, these are a few of the improvements to the county rural forest fire fighting system now underway or planned:

1. Truck No. 2 is being rebuilt into a standard tank truck. Its present capacity is 300 gallons, with no setup for hose and equipment.

2. La Honda ranger station is being conditioned and will go into service this summer. Pescadero ranger station will be built and be occupied later in the fire season.

BUDGET INCREASE

3. Saratoga Gap station, used jointly by San Mateo, Santa Clara and

PROPOSAL MADE PETITIONS ON TO PLACE LIFE CHARTER COME BOATS ON BAY BEFORE BOARD

One Large Rescue Craft May Be Stationed At Airport— Other Farther South

Within a few months, Mills Field will be properly equipped to meet an emergency such as that of February 9, when an air liner plunged into the bay with a loss of eleven lives.

Proposals made by the City of San Francisco for providing its airport at San Bruno with adequate life saving apparatus which can respond instantly to disaster on the bay, were outlined by Captain B. M. (Mike) Doolin, superintendent, at a recent conference.

WILL COST \$4000

A rescue boat, fully equipped and capable of holding 50 people, will be provided for in San Francisco's next budget, and should be ready to be placed in service at the airport in July, Doolin said.

At a cost of approximately \$4000, it will be built to order, of special design for work on the shallow waters of the inner bay as well as deep water duty.

It was announced that the San Mateo Board of Supervisors would be asked to consider appropriating funds for establishing a life saving station at the lower end of the bay, probably not on such an elaborate scale as the airport project at the start.

WHOLE CHAIN MAPPED

Several officials have envisioned a chain of bay rescue units stretched along the San Mateo waterfront in the future, augmented by the Coast Guard air station which will be established adjacent to the marine base of Pan-American Airways, northeast of Mills Field.

The superintendent admitted the inadequacy of the present rescue facilities owned by the airport, consisting of a small launch entirely unsuitable for night work or duty in rough weather.

The boat was out of commission the night of the United Airliner wreck, and would have been of little use because it is not equipped with lights, he said.

EQUIPMENT NEEDED

San Francisco, Doolin declared, is fully aware of the need for proper equipment to meet disasters of the

The operation was successful and the child's condition was said by her doctors to be good.

County Supervisors Passed Resolution Calling For Amendments Publication And Setting Of Election

While an appeal concerning the legality of county charter amendment petitions was pending in the Supreme Court, Wednesday afternoon of this week, the Board of Supervisors passed a resolution ordering the publication of the petition and proposed amendments and indicated that procedure would be taken to set an election date to bring the proposition before San Mateo County voters.

The proposed amendments provide that the manager and five other key officials in the county government be elected by vote instead of being appointed, as the charter now provides.

District Attorney Ferrell indicated that it was within the power of the supervisors to proceed with a resolution ordering the publication of the petition and amendments and the calling of an election. Supervisor Alvin Hatch moved that such action be taken and a second came from Supervisor John Poole. Fred Beer, chairman pro tem, concurred and Supervisor James S. James opposed the motion.

COW PALACE

County Clerk Hinman was authorized by motion to send a telegram to local representatives at the state Legislature advising them that San Mateo County opposed the allocation of \$5,000,000 for further development of Golden Gate Exposition facilities unless a definite portion of the sum be earmarked to complete construction of the Livestock Pavilion at Bayshore City.

PUBLIC DRINKING FOUNTAIN PUT IN NEAR BANK

Sidewalks On East Side Of San Jose Avenue To Be Poured Monday

A large octagonal public drinking fountain, purchased by the Daly City Record and donated to the city, was installed Wednesday of this week in front of the bank, corner of San Jose avenue and Mission street.

Water was piped to the scene of installation and a foundation was built for the fountain last month. A plaque designating the donor is to be placed at the base of the fixture.

POUR SIDEWALKS

Sidewalks on the eastern side of San Jose avenue will be poured Monday of next week. All curbs are in except two upper blocks on the western side of the street.

Nearly 50 per cent of the new pavement to be put down has been completed. Traffic will soon be routed on this new portion while the remainder is being completed and street car tracks on the upper part of the street are being relocated slightly eastward.

County Establishes Low Accident Score

A recent communication from the manager of the State Compensation Insurance Fund to the County of San Mateo read as follows:

The County of San Mateo established a good record for keeping down accident costs during 1935 and we take pleasure in enclosing our check for \$2179.69 in payment of the dividend consequently earned under the policy for that year. The policy year ran from July 1, 1935 to July 1, 1936. We appreciate the co-operation which enables us to effect this saving for the county and desire to congratulate you on the result.

The attention which you give to accident prevention and the reduction of accident costs will save money each year for your county. The welfare of those of your citizens who are employees of the County of San Mateo is far more important, however, than is the saving of money. They are the people to whom accident prevention means the most.

ENROLLMENT IS NOW OPEN FOR CMTC TRAINING

Letters From Citizens Tell Of Benefits Derived From Military Encampment

Letters on file at the Presidio of Monterey from prominent citizens and parents of the young men attending the Citizens Military Training Camps last summer indicate in glowing terms their thanks and praise for the many benefits received by adolescent youth from all parts of the state.

For the benefit of parents who contemplate sending their son to CMTC this summer, July 1-30, at the Presidio of Monterey, Fort Scott or Fort MacArthur, we quote:

From a Navy rear admiral of Vallejo, Calif.: "I cannot express in too high terms of praise the various benefits derived from the attendance at camp of my nephew. I know it will assist him throughout his entire life."

From the parents of twin boys in Pomona: "Express deep appreciation of the work done with our boys. We note much improvement in our lads and they are eagerly looking forward to camp next year."

From a proud father in Sacramento: "The military training and discipline was very satisfactory, also the outdoor life and environment is very beneficial to a young boy of Dick's age."

From another father in Los Angeles: "I noticed one of the benefits derived is an improved attitude or mood in general. The government will be rewarded in the present and future by making this country a better place in which to live."

From parents in Fresno: "I know a boy can't be in that kind of training without coming out better prepared to face the duties of life."

From a mother in San Francisco: "Son has not a brilliant mind, but a good clean concept of values that the training has helped crystallize."

On visitors' day parents have an opportunity to visit the camps and inspect the work done at each station. Doctors, lawyers, postmasters

Surprise Stork Shower Honors

Mrs. Jean Copelstone of San Francisco was guest of honor at a stork shower given, Tuesday evening of this week, at the home of Mrs. C. Hale of Bellevue avenue, Daly City.

The evening was spent in playing cards and games, after which tempting refreshments were served. The room was prettily decorated in pink and white streamers, the favors were in the form of little pink shoes and carriages, and a small pink bassinet containing a small baby doll occupied the center of the table. The honor guest received many useful gifts.

Those who attended were Janet Delucchi, Flo Maquire, Doris Campana, Celia Hale, Lee O'Connor, Bernie Belbon, Juanice Milton, Babe Michels, Lois Coppo and Jo McHugh.

CHURCH SERVICES

Pastor Mills Dawson will speak at the regular morning and evening services at the Calvary Baptist Church, 5724 Mission street.

"Jeremiah's Indictment at the Gate" is announced as the morning sermon theme and in the evening the pastor will speak on "The Rewards of Our Pursuits."

The Calvary Church is rallying and praying this month for the coming of Dr. L. L. Legters, internationally known Bible teacher, who is scheduled to arrive here in May.

RADIO AMATEURS

San Mateo Junior College radio amateurs contacted 39 foreign stations in one week of the recent contest sponsored for radio stations.

The students kept their station, W6YU, going 24 hours a day during the contest and talked with people in Alaska, Chile, Peru, Cuba, the Argentine, East Java and Australia.

and business men are verbose in their praise of the value, both moral and physical, received from CMTC by their sons.

Enrollments are now being taken for the CMTC for this summer. For further information as to eligibility, age limits, etc., contact your county representative of CMTC, local high school principal or the commanding officer of the post where you desire enrollment.

HAWAIIAN PLAY COMMITTEE IS SCHEDULED FOR '37 PRODUCTION

Cast Of 200 Will Present Annual Drama Near Top Of Mount Tamalpais

With colorful island costume, and a musical setting of typical Hawaiian melodies, "Thunder in Paradise," a pageant of Hawaii, will be staged on Mount Tamalpais, Sunday, May 23.

The occasion marks the twenty-fourth annual production of the "Mountain Play," unique pageant drama, which, staged for a single performance only, commands a never failing audience of five to six thousand persons. The date is always a Sunday, late in May.

AT AMPHITHEATER

The scene of the "Mountain Play" is a natural amphitheater 2000 feet above sea level, near the top of Mount Tamalpais, Marin County.

Once reached only by trails on the mountainside, the play, years ago, was then planned only for hikers. Present day highways on the mountain have added many hundreds of motorists to the throng which assembles for the performance. This season, reduced automobile ferry tolls to the Marin shore will also serve to attract motorists who are lovers of the mountain festival.

COOK DESCENDANT

The vehicle selected for production this year is an original play by C. J. Cook, descendant of the famed Captain Cook of history, and deals with Captain Cook's discovery of the Hawaiian Islands, in 1778.

The play is now in rehearsal.

Written especially for the mountain, "Thunder in Paradise" achieves unusual effect by studied use of the natural setting, and Pohli Rock of Tamalpais, becomes Muanu Loa, volcano of Hawaii.

As a part of the Tamalpais State Park, the amphitheater has been the scene of additional development work during the past season under the direction of the National Park Service, branch of State Planning and Co-operation.

Local Co-operation Is Given To Federal Government In Soil Conservation Program

Another step in the effort of the federal government to prevent soil erosion was taken at Redwood City, late last week, as farmers and stockmen located east of the Skyline boulevard elected a board of directors to administer in that area the general provisions of the 1937 Agricultural Soil Conservation program.

Chairman of the board, which will be charged with surveying properties of growers making application to participate in the program, will be George W. Webb, route No. 1, box 135, Redwood City, representing the small fruit growers. Serving under him will be George Lagomarsino, 1315 San Carlos avenue, San Carlos, vegetable growers representative, and Nathan King, route No. 2, box 290, Menlo Park.

B. L. Silva, 904 Chestnut street, Redwood City, was named alternate. He represents the grain farmers and range land owners.

Election of the directors took place at the Redwood City firehouse hall, with 30 in attendance.

Presiding over the meeting was P. T. Myers, emergency assistant in agricultural extension service, who explained the general provisions of the agricultural act.

ATTEND MEETS

William Hoppe, dramatic coach at Jefferson Union High School, attended the spring conference of the California Drama Teachers Association, held last week end at the College of the Pacific, Stockton.

Clive M. Saiz, history instructor and publisher of the Totem Pole, attended, Saturday of last week, the Central California Journalism Advisers Conference, held at the University of California.

"Hauls of Fame" is the clever name of a Ford truck broadside.

Honors Daughter On First Birthday

Mrs. Gertrude Giorni of Fair street, San Francisco, who formerly resided in Daly City, entertained Saturday afternoon of last week in honor of her little daughter Geraldine, who celebrated her first birthday.

Those present from Daly City were Mrs. Lillian Negherbon and son Richard, Mrs. Betty Brush and son Jimmy, Mrs. Dorothea Brush and son William, Mrs. Adeline Cullum and daughter Joyce and Mrs. Myrtle Domenici and daughter Grace Marie.

Members Attend Class Initiation

A group of local Catholic Daughters attended the class initiation and dinner given by the members of Court Salesian in San Francisco, last Sunday afternoon.

Among those present from Court St. Mary No. 1155 were: Past Grand Regent Margaret Fields, Grand Regent Katherine McDermott, Ida Forrest, Christine Michelson, Evelyn Weckirle, Ethel Bolger, Gladys Bizzo and Charlotte Ford.

Baby Shower

Mrs. D. Turner of Winchester street and Miss Della Workman tendered Mrs. J. Meyers of Bellevue avenue a baby shower Thursday evening of last week.

Twenty guests enjoyed a delightful evening and presented the happy mother of twin girls many useful gifts.

At a late hour refreshments were served by the acting hostesses.

Infant Christened

Kenneth William Rowe, infant son of Mr. and Mrs. William H. Rowe of Brunswick street, was christened Sunday at Trinity Center in San Francisco. Mrs. Evelyn Pruyne and Harry Rowe were the god parents.

Following the services dinner was served in honor of the young man at the home of his grandparents, Mr. and Mrs. W. P. Clark of Wellington avenue.

and from the Redwood Empire counties and Southern California and other state points will ferry across the bay to the Marin shore to participate in the dedication of the Waldo Approach there.

At the conclusion of these ceremonies, the participants will swing in a mighty colorful procession to the San Francisco side of the bridge, where the formal dedication will be enacted.

Massed airplanes will hover over the bridge during these ceremonies and the guns of Fort Scott and Fort Baker will roar over the Golden Gate. There will be a flag raising ceremony in Crissy Field at the Presidio participated in by many nations.

A few hours after the dedication the entire United States fleet will pass under the bridge to remain in port for the entire fiesta period.

NIGHT PARADE

Saturday night, May 29, there will be an illuminated parade. In addition to those floats already appearing there will be others especially designed for spectacular light effects. The navy will join in the Saturday night demonstration.

A high light of the army participation will be the presence of the Eleventh Cavalry of Monterey, the only cavalry regiment on the Pacific Coast. It is many years since United States cavalry has been seen in a San Francisco parade.

TO ENTERTAIN

Delegates from near and distant junior colleges are planning to attend the women's conference at San Mateo Junior College, Friday and Saturday of next week.

The Matean coeds have arranged business meetings, luncheons, attendance at the team play and a dinner dance for the visiting representatives.

APRIL, NINETEEN-SEVENTEEN

It is twenty years ago in Washington, a sunny spring day of early April, 1917, and Congress is assembled in special session.

In the Senate chambers the very air seems charged with tense expectancy. Speeches and harangues go on through the morning and into the afternoon. Suddenly there is a silence—a strained, electrical silence.

The man on the dais begins to speak.

"Our object... is to vindicate the principles of peace and the justice in the life of the world... It is a fearful thing to lead this great peaceful people into a war..."

"But the right is more precious than peace, and we shall fight... for democracy, for the right and liberties of small nations, for a universal dominion of right by such a concert of free peoples as shall bring peace and safety to all nations and make the world itself at last free."

It is twenty years later, and today, as we read these words addressed by Woodrow Wilson to the Congress assembled for the purpose of declaring war, the phrase about "the world itself at last free" has a hollow ring.

They were sincere words, expressing a great ideal shared by the whole nation. And some day that ideal may be achieved. But not, we know now, through the imposition of peace by the force of American arms.

So today we vow to concern ourselves only with peace and democracy at home, staying out of the turmoil, letting the rest of the world flit with catastrophe, if it must, before coming to its senses.

We have learned much in twenty years.

SMILING AT THE SUN

As the warm spring sun smiles on their lands and their crops and their flocks, the farmers of California are themselves smiling back at the sun. Why? It's the good news.

Right now, for example, it is sheep shearing time in California, and prices for lamb are the best in eight years, while wool prices too, are good.

Good news from all sides.

From Washington, news that the Agriculture Department's index shows the farm dollar at parity for the first time since the World War boom. From Washington also, news that the farmer-distributor program has just attracted Cyrus Denman, one of the biggest men on the American scene, to the post of agricultural counsel of the national association of food chains, where he'll put forth his best in the cause of the farmer.

News from the State Director of Agriculture that 1937 holds the promise of even greater farm income than last year's total of over \$600,000,000.

Good news for the farmer—and good news for all of us to know that the farmer is smiling again.

THE BAD MEN TURN MEEK

Remember how, a few years ago, the G-men moved in with machine guns to mow down the big time gangsters with their own medicine of hot lead? Well, that era is gone. The "shoot-it-out" chapter in American crime history is closed.

"We have almost ceased firing," a G-man told the press the other day.

The reason is they don't have to fire anymore. Karpis, Campbell, Mahan and Robinson were taken without a shot. There was just as much yellow in the spines of the Dillingers and the Pretty Boy Floyds, who killed without

STATE TO GET OUT OF LONG THRALDOM

By J. W. MARCHBANK
Pioneer in Frontier Mining Work

My firm conviction that the state is destined to elect a Democratic governor next year has not weakened in the least in the last few weeks. In fact, all indications are the nominee of the party led by President Roosevelt will score a notable and probably an overwhelming victory.

Qualifications of the standard bearer next fall should be "gone over" even at this early day in order to present the best possible ticket for the suffrage of the electors of the state. Many candidates for the nomination will be under long discussion and it is our hope a man of outstanding qualities will be chosen to run.

First of all, the nominee must be of liberal outlook, thoroughly in accord with modern tendencies. He should be of the same type as the President but, of course, not a servile imitator of the "chief."

Another thing, my "ideal" is a man about forty years of age, perhaps has not even reached the two score year mark. Young in years but old in experience is one way of expressing my idea of the man that will be called upon to lead the people of the state out of the morass into which it was plunged many years ago by the opposition party.

By an experienced citizen I mean one who has been active in his chosen profession, following thorough training for the vocation, and in addition has been a participant of wide range in the political life of his state. He may even have held important office in his comparatively short career, preferably federal office.

The next governor, according to my notion, ought to be forthright, outspoken on occasion, fearless, with no entanglements whatsoever, and, above all, possessed of the finesse that will carry him through triumphantly, no matter how delicate and intricate the problem to be solved.

I never lose my interest in the welfare of the farmer, having learned early in life that the economy of our type of civilization depends on agriculture. So I am glad to learn of the comprehensive plans to be worked out by the President's Rural Electrification Administration.

John M. Carmody, formerly a

member of the Railway Mediation Board and of the National Labor Relations Board, is now at the head of the REA. Recently Carmody drove down to Warsaw, Virginia, and held a public hearing in the Warsaw court house, and it is said for the first time in some months the farmers instead of power magnates were treated as the REA's clients.

A section of the REA act, which had United States Senator George W. Norris of Nebraska as its sponsor, stipulates that preference must be given to public, non-profit and co-operative agencies rather than to private concerns in the matter of allotments. Carmody is trying hard to live up to that section, much to the delight of farmers, not only of Virginia, but other states.

Speculators are benefitting from the present tendency toward inflation, with few other citizens being in that not altogether desirable position. The President sees clearly the necessity of staying off inflation and is working on a number of plans to prevent a recurrence of the "bad times" of the later twenties.

As students of economics point out, inflation is a bad thing for the masses of the country. Prices start skyrocketing and the increase in the prices of raw materials necessitates a rise in prices of finished products. There follows naturally higher living costs and demands for higher wages, with a further boost in prices.

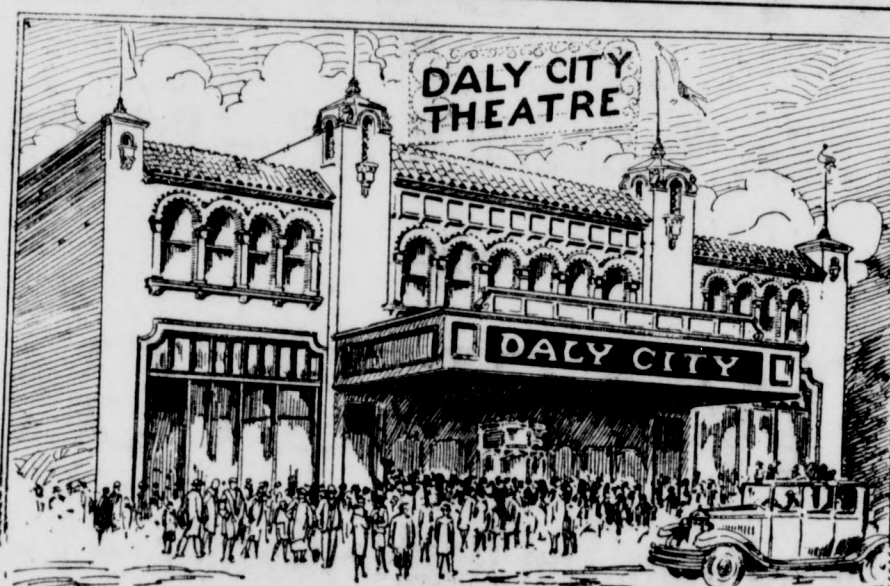

Unfortunately the men who control the country's economic power will do nothing to stop a boom. Chairman M. S. Eccles of the Federal Reserve Board recently explained the only effective preventive of inflation is heavier taxation on high incomes and an increase in the levy on corporate profits. That is exactly what the "economic royalists" oppose just as they were against any action in 1929 to save the country.

quarter because they knew they were better armed than the law. But the big, bold, bad men are not so brave, it seems, when they know they'll get back just what they "dish out," and more.

Troop 151 Holds Amateur Program

Major Bowes was not present, Tuesday evening of this week, at the meeting place of Troop 151, Boy Scouts of America, but the amateur hour was well received by those in attendance.

Scout Leon Fletcher acted as the impresario and master of ceremonies. The program included imitations by Leland Rash, accordion solo by Lawrence Christensen, a song by Edwin Halcrow, Harry Clark and Roy Devincenzi in a skit and a harmonica solo by Assistant Scout Master Earl Collins. Scoutmaster E. J. Halcrow was the winner of the prize drawing.

The troop will produce another show after the Merit Badge Exposition, in which Troop 151 will present the subject of marksmanship.

Native Sons Plan To Hold Whist

against a glass door that was bolted, bursting it open and dragging her 11 year old master to safety, and then back again into the fire to save her unconscious mistress.

Bonita did not once whimper, although she was nearly blinded by smoke, and her coat was smoldering with tiny flames that were burning into her trembling flesh. It was not until this faithful dog was assured of the safety of the family that she rushed out onto the lawn to smother the searing pain of her own burns. Bonita will always have the scars of that heroic rescue for which the Latham Foundation for the promotion of Humane Education has decorated her.

The widespread interest in animals is shown by the ever increasing attendance at the dog and cat shows, as, for example, the recent Oakland Kennel Club had an attendance of 16,000 dog lovers, and the Golden Gate Kennel Club, of San Francisco, had a record attendance of 20,000.

March Sets County Building Record

A March building record and the third highest month since the office of the county building inspector was established was reported this week by William Watson Jr., inspector.

The March 1937, building volume for the unincorporated areas was \$224,828, compared to \$183,250 for the same month in 1936, and \$47,000 in 1935. Permits were issued for 47 new homes, 13 business buildings, and three summer cabins.

The highest month on record was July, 1936, with \$321,585, and the next highest, October, 1936, \$238,550.

EXPERIENCED HOUSEWIFE CLUB

(By Maude Larue Ives)

The following tasty recipe is contributed by Mrs. H. Warshawski:

A GOOD HOT SANDWICH

Brown in skillet 2 tablespoons chopped onions, 1 pound of ground beef, veal or ham. Separate the ground particles with a fork, so that they will not adhere together in chunks. When almost brown, add sliced ripe olives in sufficient amount to give flavor. To this mixture add 1 can mushroom soup and heat.

SOMETHING DIFFERENT IN CAKE

(From Mrs. Anna Meeth)

1 Cup white sugar, 1 heaping tablespoon shortening (lard), ¼ cup raisins, 1 orange, ¾ cup sour milk, 1 teaspoon soda, a pinch of salt, 2 cups flour.
Put raisins and orange through the food grinder. Cream the sugar and shortening (lard), add the ground raisins and orange, the sour milk and last the flour to which has been added the soda and salt. This makes a 2 layer inexpensive orange and raisin cake and is delicious.

SPINACH AND PORK SAUSAGE DISH

(From Mrs. L. Lemon)

1 No. 2½ size can spinach, 1 cup chopped celery, ½ cup chopped onion, 1 egg, 1 pound bulk pork sausage, ½ cup grated cheese and salt and pepper to taste.
Chop cooked spinach fine, mix with chopped celery and onion. Add pork sausage, salt and pepper, mix well with 1 egg. Put in baking dish and sprinkle with cheese. Bake in moderate oven (350 degrees) about 45 minutes. Serves six. If fresh spinach is used, cook it first.

LEMON PUDDING

(From The Farmer's Wife)

1 Lemon, 1 cup sugar, 1 cup boiling water, 3 egg yolks, 1 cup sugar, 2 tablespoons shortening, 2 cups flour, 2 teaspoons baking powder, 1½ cups milk.
Peel the lemon, slice very thin, removing the seeds. Put in a metal

Education Leaders Meet In Conference

Marking one of the most important educational conferences to be held in this state in recent years, 700 teachers, principals, superintendents and administrators from all sections of California will meet at the Palace Hotel in San Francisco today, for a general discussion of the "child during adolescence."

Behind the conference subject, however, is a note of broader public appeal, according to the assistant superintendent of schools of Oakland, who will be chairman of the conference.
With the problem of the adolescent child goes the problem of the parent and the community at large. One of the major themes of the conference will be the necessity for an increasing responsibility of the school teacher in community leadership.

The conference will precede the annual meeting tomorrow at the Palace hotel of the State Council of the California Teachers Association.

Death Increases Her Highway Toll

The undulled scythe of death swept through the ranks of California motorists with renewed vigor in the first two months of this year, it was announced this week.

With 305 fatalities in January and 206 in February, the total for the two months was 511, an increase of 35 deaths, or 7.35 per cent over the 476 killed in the same period last year.

A grim warning was given by the director of the State Motor Vehicle Department, who said, "if the present upward trend of highway accidents continues, there will be an average of one person killed or injured for every family in California within the next decade."

"Safe drivers in safe cars, will materially reduce this total," he declared.

Famous Baritone To Sing At Fiesta

John Charles Thomas, famous baritone, will take the leading male role in the spectacular historical pageant, which is to be staged at Crissy Field during the Golden Gate Bridge Fiesta, May 27 to June 2, it was announced this week.

An equally noted feminine singing star will be chosen to play opposite Thomas in the pageant, which will depict the most dramatic periods in California history, from the days of the Dons to the present time.

A cast of 3000 persons and a 100 piece symphonic orchestra will participate in the production.

baking dish, add the sugar and water and cook slowly while preparing the batter. Beat the egg yolks, add the sugar and melted shortening. Sift baking powder and flour into the mixture, alternately with milk. Pour into the pan containing the lemon syrup but do not stir. Bake at 370 degrees F. for 35 minutes. When done spread the following meringue over the top and brown in hot oven for a few minutes.

Meringue

3 Egg whites, 6 tablespoons sugar, ½ teaspoon baking powder. Beat whites with baking powder until stiff, then add sugar.
A hot lemon sauce may be served with this pudding if desired, using the juice and grated rind of two lemons, 1 cup sugar, 1½ cups water. Thicken with 1 tablespoon cornstarch which has first been moistened with ½ cup cold water.

This pudding is so good and will not fail if instructions are followed.

Builds Combat Plane For Stratosphere

Almost completed in the Lockheed Aircraft Corporation factory at Burbank, Cal., is a secretly constructed United States fighting airplane designed for aerial combat in the stratosphere.

From the secrecy surrounding construction of the plane came authoritative reports that it may be the answer the government seeks in the current international race for air supremacy.

Tests, it was said, will be made within two weeks.

Pilots of the new airplane, according to the information, will be forced to fly either encased in an airtight metal cockpit in which oxygen tanks supply air to breathe or will be dressed in grotesque, electrically heated flying suits with oxygen masks over their faces.

Factory officials would give no information to supplement that which came from a source considered unusually reliable. It was known that the plane has been under construction in an isolated part of the factory, heavily guarded, and banned to all except trusted factory workmen, officials and army officers.

Power Generators Started At Boulder

First generating equipment has been placed into operation at the Boulder Dam power plant, it was announced this week.

Four generators of 82,500 kilowatt ampere capacity—the largest in the world—are in use in the line serving the city of Los Angeles. They are in the Nevada wing of the huge power house in Black canyon. Generators and turbines to provide power for the Southern California metropolitan water district will begin operation immediately.

Honor Matron On Natal Day

Mrs. J. Fellman of Templeton avenue was hostess to a group of friends, Thursday evening of this week, in honor of Mrs. J. Cagney on her birthday.

A delightful evening was spent in sewing, after which dainty refreshments were served, the table being prettily decorated in pink and yellow spring flowers, candles and favors.

The guests included Mrs. J. Cagney, Mrs. N. Hoeckle, Mrs. W. Schmidt, Mrs. G. Baldwin, Mrs. N. Ricommi and Mrs. M. Fellman.

Lesson Sermon Of Christian Science

In all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., a Lesson-Sermon will be read Sunday, April 11, on the subject "Are Sin, Disease, and Death Real?"

The Golden Text will be: "The Lord hath redeemed Jacob, and ransomed him from the hand of him that was stronger than he" (Jeremiah 31: 11). Bible selections will include the following passage from Ephesians 5: 1, 2, 14: "Be ye therefore followers of God, as dear children; And walk in love, as Christ also hath loved us, and hath given himself for us an offering and a sacrifice to God for a sweet-smelling savour. . . . Wherefore he saith, Awake thou that sleepest, and arise from the dead, and Christ shall give thee light."

A passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included, which reads as follows: "Reason, rightly directed, serves to correct the errors of corporeal sense; but sin, sickness, and death will seem real (even as the experiences of the sleeping dream seem real) until the Science of man's eternal harmony breaks their illusion with the unbroken reality of scientific being" (p. 494).

Engineer Estimates Road Widening Cost

Rights of way and construction costs will not exceed \$670,000 in the widening of El Camino Real between Five Points, Redwood City, and the Santa Clara County line, County Engineer U. S. Marshall declared this week.

An effort is now being made to have included in the 1937-39 state highway budget the three and six-tenths mile link, which is the only remaining section of El Camino Real that is not a four lane highway.

Two-thirds of the cost will be for rights of way, as the highway goes through the business district of Menlo Park and also will cut into several valuable Atherton estates.

Marshall estimates the rights of way could be purchased for \$430,000. The cost of paying the fourth lane would be about \$190,000 and the grading and other miscellaneous expenses would be less than \$50,000.

Between the county line and Five Points are 59 buildings that must be moved or razed. Of this number nine are two story structures. Thirty eight of the buildings are located between the county line and the north city limits of Menlo Park, according to a survey made by the engineer.

on a huge rock much lower than the position of the other three.

Without warning a huge breaker dashed over the boy and swept him into the rolling sea.

But young Benedetti managed to survive the first shock and began to swim vigorously. His efforts proving futile, he floated for a while, apparently until he regained his strength, the watchers said. Then he again struck out for the nearby rocks in a sort of half walking position.

Suddenly another huge wave engulfed him and the boy disappeared.

SEE CORPSE

While part of the group ran for aid, others watched. A half hour later one of the party saw young Benedetti's body for an instant. Then it was gone again.

Young Benedetti leaves, besides his parents and the brother and sister who were with him, another sister Lena and another brother Alexander, who is in the navy.

Teachers at Half Moon Bay High School said Benedetti, a football player, was one of the most popular students at the school.

Local Boys Club Has Swimming Party

The PaKa-Zo-Hi-Gara, a club for boys, organized by a group of Jefferson Union High School students and led by Chester Smith, held a swimming party Thursday evening of this week at a popular San Francisco pool. The swim was the initial activity of the PaKa-Zo-Hi-Gara.

There are only thirteen members in the club. Meetings are held every Thursday at the home of the leader. The boys plan to go on a hike late this month.

Court having appointed the twelfth day of April, 1937, at the hour of ten o'clock A. M. of said day in the Court Room—Department No. One—of said court in the Courthouse thereof in Redwood City, County of San Mateo, State of California, as the time and place for the hearing of said petition:

NOW, THEREFORE notice is hereby given that the name of the estate is as above entitled; that the name of the petitioner and the nature of the application are as above set forth; that the real property to which the property applies in said Deed of Trust is situated in Daly City, County of San Mateo, State of California, and described as follows:

HERE IS WHAT THEY SAY ABOUT CIVIC PROGRAMS

President Roosevelt, W. L. Stephens And J. Addleman Make Statements On Civic Recreational Areas

(Continued from page 1)

age are those tending toward creative genius. Latent energy is as useless for immediate result as is the mineral beneath the surface of the earth.

"The child needs activity from which he derives a skillfulness that creates in him the knowledge of an aptitude, a chance to probably excel. From that experience he sets out to develop technique and skill, even strategy. His success carries to manhood. He makes a place for his life vocation.

"Athletic games offer the best known type of activity. Success in athletics calls for all the attributes essential to success in business or profession. Adverse faults which produce failure in business or profession produce failure in athletics. In athletics the fault is emphasized, the failure is at once replaced and competent athletic direction corrects the fault and another trial is developed.

"The basic athletic sport principle is the fine English gift: 'Win if you can, but play the game.' In America we say 'Be a sport.' Practice in playing athletic games right, makes doing right a habit, the habit becomes a trait and a distinguishing feature through life.

"The return for a small financial outlay for recreational facilities would be better young manhood and womanhood, reduced losses due to dissatisfaction, better class of work, better homes and the glorious American born freedom of opportunity, education and happy life would be assured. Old hates would be forgotten, crime would decrease. Each individual would be benefited."

DIRECTOR

J. A. Addleman, well known athletic instructor, says: "Our youth are new arrivals in a universe with marvelous instrumentalities. What a task for them to meet and function their own strange factors.

"Visualize that unbounded energy which cannot measure, alone, in his own backyard. The boy and girl wants activity—running, throwing, climbing. The child is thrilled for life by the skill of some other child

and becomes imbued with a desire for skill, and if given a fair chance will achieve it.

"The child in later life will exist through personal contacts. If void of childhood play contacts he may take on characteristics controlled by a complex making him queer, moody or temperamental.

"One answer to this situation is playgrounds for children, then athletic fields with proper supervision, games and contests—their skills taught by trained people.

"Give the child a day in school, then change the scene for two hours daily, release him for a period with other children under some wise supervision.

"Provide team games for youth, then with care select a game like golf, tennis, badminton, squash,

handball—games which can be played with one other person and can be played after high school and college years and on through life. Development of reasonable skill in a game is a valuable asset which will absorb idle time to the end that the body gets proper usage, lasting and valuable friendships are created and held, a better body and mind developed."

BOARD LUNCHEON

The executive board luncheon of Jefferson Union High School P. T. A. was held, Wednesday of this week, at the home of Mrs. Hugh Paterson on Moltke street. Mrs. Grace Hill was co-hostess.

Plans for the April meeting and a joint installation were made.

Entertains Ladies

Mrs. May Doyle of Brunswick street entertained the members of the Ladies Auxiliary of Station Four, D. C. F. D., at her home, Tuesday evening of this week.

After a business meeting, a social evening and refreshments were enjoyed by the following members: Mesdames Laura Coleman, Flora Foppiano, Theresa Vireno, Henrietta Mather, Maynard Chesney and Grace L. Augustien.

STATE SHOULD MAKE LOANS TO BREEDERS

By J. W. MARCHBANK

A friend writes in offering a suggestion that is well worth full consideration by citizens throughout the state and particularly the legislators at Sacramento. Put in somewhat blunt form, the idea is as follows:

"Cease giving a large proportion of the 'racing fund' in the state coffers to owners of the handsomest bulls, the fattest hogs and cultivators of the largest pumpkins, and so on, and save some of the millions coming from pari mutuel wagering at the race tracks for the encouragement of the breeding of thoroughbred horses."

The State Fair, county and district fairs and other exhibitions award rich premiums each year, getting the money from the racing fund. Up to this time there has been little done for the thoroughbred horse, but evermuch, in the opinion of deep students of the situation, for agriculture, horticulture and animals of every kind and breed raised by the farmer with the exception of the thoroughbred horse.

In order to give a helping hand to any farmer desiring to breed a race horse or two, my friend says loans should be arranged through the medium of properly constituted authorities to finance the man of the soil in his worthy ambition. The farmer might use the small sum advanced to him by the state in purchasing a broodmare of approved blood lines, or possessing a matron of his own, might use the loan in paying for the service of a stallion suited to his particular mare.

Few breeders in California have the financial ability to acquire a stallion of the type that should be employed in propagating the species and it therefore develops on the people themselves, by making logical use of the immense sums pouring in from the mutual pools of the race tracks, to support a movement for the purchase of stock horses that could be made available for farmers and stockmen owning broodmares. The buying of the stallions is in addition to the plan for loans. Sires privately owned undoubtedly would also be extensively used by sportsmen having no stallion of their own.

Year by year there must be more in the way of "class" among the gallopers contending in such a thrilling event as the Tanforan Championship. The only possible means of improving the caliber of the runners is by the judicious mating of carefully selected male and female stock. The achievement of the laudable object is to be attained only through the wise use of money. Why shouldn't at least part of the funds come from race tracks themselves, where the produce will race later on for the enjoyment of the public?

Horses lacking in "class" cannot keep the game going. We must breed the best thoroughbreds in the world. Our people are deserving of nothing less.

Colma News Notes

The Colma Volunteer Fire Department will hold a regular monthly whist party Friday evening of this week at Jefferson Hall on San Pedro road. Score cards will be distributed at 8:30 o'clock.

Miss Gertrude Gleason of Twenty-fourth street and Lee Piazza of Gates street, San Francisco were dinner guests of Mr. and Mrs. Louis Merlo Saturday evening of last week at their home on Vale street.

The marriage of Miss Norma Massaglia of Station avenue and Louis Varni of San Bruno will take place Saturday evening of next week at Holy Angels Church on San Pedro road.

A number of Colma people attended the annual whist and bridge party held Wednesday afternoon of this week at the Mercy High School in Burlingame.

Miss Helene Girodon arrived from Southern California Saturday of this week to take over duties as head nurse of the Junipero Serra Hospital.

Miss Grace Silicani of Washington street will become the bride of Matt Cortesi of Precita avenue, San Francisco, at a ceremony to be held the latter part of this month.

Jack Camenzind of Bryant street has been confined to his home a number of days of this week recovering from a leg infection.

Mr. and Mrs. Frank Lambertson of Clara street are planning to make their home soon in San Francisco.

Mrs. G. Steele entertained a number of friends at a luncheon and card party held Tuesday afternoon of this week at her home near Hillside boulevard. Guests were Mesdames L. Jost, I. Camenzind and Rose Bacher.

Miss Helen Champi of Price street accompanied a group of friends to Bal Tabarin in San Francisco Saturday of last week, where they enjoyed an evening of dancing.

Probation Officer Renamed For S. M.

County Probation Officer Francis J. Robinson of San Mateo this week was appointed by Juvenile Judge Cotton to his fourth term upon recommendation of the county probation committee in Redwood City, recently.

Robinson, now finishing his seventh year as head of the county probation department and juvenile home, has served one term each under former Superior Judge Buck, the late Superior Judge Swart and Judge Cotton. A term is for two years.

The committee, of which Police Chief John J. Harper, Burlingame, is chairman, this week elected Ray Gallagher of Burlingame secretary to succeed the late John Gill, Redwood City educator. A successor to Gill on the committee has not been named.

The committee is endeavoring to secure in its 1937-38 budget an appropriation of \$3000 for construction of a second story over the rear of the detention home here to provide a juvenile court room and recreation room. An appropriation of \$1200 is also sought to employ a full time stenographer.

Adult Classes Held At County Jaysee

Registration for the last quarter of the San Mateo Junior College adult school continued this week at the college. Thirty-four classes on the program range from Italian, English grammar, to gardens and gardening, real estate law, dress design, commercial courses, millinery, public speaking, after dinner speaking and play production. Recreational classes include varied recreational activities including badminton for women, basketball for men, and swimming instruction for both.

Adult classes in the entire program are open to all adults over 17 except when already registered for a full time program in day school.

Registration for the recreational classes may be made either at Burlingame High School, where these classes are given, or at the college. Fourteen classes were in session, Tuesday evening of this week, at the college, in addition to two swimming courses for women and basketball for men at Burlingame High.

Complete programs of courses are available at the libraries in San Mateo and Burlingame.

SPAN WARNINGS

The California State Highway Patrol announced this week that 12,000 drivers were warned for unsafe driving and 99 arrests were made during the past month by patrolmen on the San Francisco-Oakland Bay Bridge.

Miss Erma Swinyer of Evergreen avenue was treated at the Junipero Serra Hospital, Sunday of this week, for a severed tendon of the left forearm received when she fell against a pane of glass at her home.

A whist party will follow the regular business meeting of Cypress Circle No. 14, U. A. O. D., which will be held, Wednesday evening of next week, at Colombo Hall. The public is cordially invited to attend.

Sabino Lunghi of San Pedro avenue is confined to the Junipero Serra Hospital recovering from a fracture of the knee and abrasions received, Sunday evening of this week, when he was struck by an automobile while attempting to cross Junipero Serra boulevard at San Pedro road.

The Women's Home Club of Colma will hold its regular business meeting, Tuesday afternoon of next week, at the club house on Werner avenue.

I. C. F. Branch No. 19 of Colma invites the public to attend a dance which they are sponsoring, Sunday evening of next week, at Colombo Hall. Music will be furnished by the Rainbow Melody Boys.

Federal Symphony Starts At Alcazar

Beginning Monday, April 19, the Federal Symphony Orchestra will be heard at the Alcazar Theater in a spring series which will present distinguished guest artists and visiting conductors. The series is under the personal direction of Ernst Bacon.

The soloist for the opening concert will probably be Helen Gahagan, famous young soprano, actress and movie star. Miss Gahagan, recently heard here in recital, believes in the importance of the Federal Music Project in the national field of music.

Another soloist of distinction in San Francisco will be Gunnar Johansson, pianist, who will play on May 10.

This series will include the concert in which nine contestants will be heard and honors awarded by well known bay region musicians, acting in conjunction with Mr. Bacon. The award is an appearance with the Federal Symphony Orchestra in the Civic Auditorium during Music Week.

Lad Celebrates Twelfth Birthday

Louis Claus celebrated his twelfth birthday at a party given by his sister, Mrs. Louis Merlo, Friday afternoon of last week at her home on Vale street. Following an afternoon of games the guests enjoyed sandwiches, ice cream and cake at a table decorated in Easter colors. A large birthday cake occupied the center of the table.

Those present were Billy and Bobbie Martinelli, Shirley and Lorraine Remmer, Eva Claus, May and Fred Pessaro, LaVerne and Louis Merlo, Vera Claus, Miss Juanita Merlo, and Mesdames John Merlo, S. Remmer, L. Martinelli and Louis Merlo.

FIRE FIGHTERS IN PREPARATION FOR '37 SEASON

County Warden Announces All Equipment Has Been Overhauled

(Continued from page 1)

Santa Cruz Counties, will be ready by May 1.

4. Thirty miles of forest service telephone will be reconditioned before the fire season starts.

"Our budget for 1937-38 has been submitted," said Werder, "and, while it is somewhat of an increase over the previous budget, we feel that the county is growing and we have not had sufficient funds to keep pace with increased demands for fire protection. What might be of more interest to the people who pay the bill, there will be a material reduction in insurance rates in the unincorporated areas as soon as this department is brought up to standard, which will more than offset any additional funds asked for."

MOTORS OVERHAULED

After a strenuous 1936 fire season, which included the disastrous Butano Big Basin forest fire, the county department is undergoing a complete reconditioning, Werder said.

All motorized equipment is being completely overhauled and additional power added to underpowered units. Trucks are being stripped from bumper to bumper and any defects remedied.

Hose is being tested for leaks and wear, firefighting tools overhauled and reconditioned, first aid kits refilled "so that we will be ready to go just as soon as the grief begins," the warden explained.

College Players To Give Comedy

Rapid progress is being made by the Players Club of the San Mateo Junior College in their rehearsals of "And So To Bed," the comedy of seventeenth century life that the group will stage on Thursday and Friday evenings of next week, in the college auditorium.

The comedy covers eight days of the life of Samuel Pepys, whose adventures have come down to later generations in his diary.

Miss Ada Beveridge, college drama instructor, is directing the cast members. Authentic and beautiful costumes of the period will be used.

Popular as a personal car or for business use, the five-window Ford V-8 coupe is available either with the famous 85-horsepower engine for brilliant performance, or the new 60-horsepower V-8 engine that is setting new standards for Ford economy with good performance.

To Stage Federal Puppet Show At Hi

"Marionette Varieties," a complete full length vaudeville show with puppets representing world famous personages of the theater and public life, will be presented on the stage of the Jefferson High School Auditorium Wednesday afternoon, April 28. The show is under the supervision of Ralph Chesse, state director of marionettes for the Federal Theaters.

A special concession has been made to the residents of the district in order to acquaint them with the Federal Theaters marionettes. Admission has been reduced to a nominal sum. Tickets are on sale at the Daly City Creamery and the Anchor Drug Store.

Puppet George Bernard Shaw will direct the stage show and act as master of ceremonies with all the aplomb and the cynical declaration of his views on life. He will introduce some of the cleverest of the Chesse marionettes: Mme. Tilly, coloratura soprano; Bill Robinson, world famous tap dancer; the La Tour Brothers, famous French acrobats, and several one act sketches.

"Marionette Varieties" is the first of the Federal Theater marionette road shows. It won high favor when staged originally in San Francisco and later on the road in Hollywood and Los Angeles. The production was cited in the annual book of marionettes published by the International Marionette Society.

P. T. A. Meet

The Colma Parent Teacher Association held a regular meeting Tuesday afternoon of this week at the Jefferson Grammar School. Mrs. S. Jensen, district officer, gave an interesting speech on character, stressing the need for co-operation between the home and the school. Members of Miss Traynor's class entertained with a number of selections, including monologues, an accordion duet and singing by both girls' and boys' glee clubs.

CUTS MASTS

The Empress of Britain, around the world liner and one of the largest ships afloat, will pass under the Golden Gate Bridge into San Francisco harbor on April 29. Eight and a half feet have been cut from the masts of the liner to enable it to clear the span. Many of the passengers on the vessel will disembark in San Francisco and remain for the Goldene Gate Bridge Fiesta, May 27 to June 2.

magnitude of that of February 9, as well as for ordinary bay rescue work.

"If there should be a recurrence of the plane tragedy, and lives can possibly be saved, we should have adequate equipment, instantly available," he said.

His statement recalled the fact that some of the passengers apparently escaped from the February 9 plane wreck and swam until they died of exhaustion. Ten of the eleven victims died of drowning, the autopsies disclosed, and investigating officials expressed the belief that some could have been saved if rescue boats had reached the scene in time. The wreck was not found until five hours after the accident.

SAVED 14 LIVES ALREADY

The present boat is all right for day work, but it is not really a salt water boat. It has provided rescue facilities, however. It has saved the lives of 14 persons who faced drowning when skiffs and small boats got into difficulties on the bay.

Until the new boat arrives, the airport has arranged to use the power launch of Policeman James Bedford of San Bruno. Bedford's launch rendered invaluable service the night of February 9. It is anchored off the airport and is available day or night.

TUBERCULOSIS CONTROL START AT MEETING OF BUSINESS MEN

Health Officials Take First Step By Testing School Students For Disease

(Editor's note: This is the third and last of three articles by a committee of Daly City physicians prepared on the tuberculosis program of the San Mateo County Tuberculosis and Health Association).

In our two previous articles you were told how tuberculosis is spread, how it is detected and that it can be controlled. At this time we shall tell you how Daly City is going to detect, control and prevent that dreaded disease.

We are starting a most intensive and carefully planned campaign, conducted by the able organization, the San Mateo County Tuberculosis and Health Association, which has been doing creditable work along this line in the southern part of the county. Willing to help this mission are the school executives, teachers, nurses, business people and physicians of the county. We must have the co-operation of every citizen, so that we may have our district as free from tuberculosis cases as any other district in San Mateo County.

Our first step will be taken, Monday of next week, at the Jefferson Union High School, when we shall use our most valuable weapon, the tuberculin test, which was discussed in our previous articles. Only members of the senior class will be tested and physicians who are doing the work are donating their services.

You have been told how harmless and safe the test is, how much it will help us to detect those mild cases of tuberculosis, help us to segregate the different types, save the lives of our beloved one and make Daly City and the surrounding area a safer place in which to live.

We hope, in the near future, to test all school children and will do so if we get the full co-operation of every parent. This campaign is not only a local adventure, but part of the national fight to stamp out tuberculosis. It is interesting to note how much the eastern and mid-western states have already accomplished. They examine every student of public and private schools yearly and some cities are showing marked drops in new positive reactions and active cases of tuberculosis.

Tuberculosis is not solely a medical problem, but largely a sociological one. It is a disease of defective society; therefore, society should accept part of the burden in correcting the defects. The San Mateo County Tuberculosis and Health Association has distributed pamphlets and other interesting literature for your education. You will profit by reading the literature and thereby be able to render intelligent assistance to the campaign.

Let us bear in mind the following facts: (1) That tuberculosis can be detected. (2) That tuberculosis can be checked and cured if diagnosed early. (3) That tuberculosis can be prevented. (4) That tuberculosis is a sociological problem and we of Daly City and surrounding area are going to do everything in our power to rid our community of the avoidable danger of contracting tuberculosis.

Prize Awarding, Closing Of Stores On Sunday And Activities Discussed At Merchants Meeting

growing rapidly. "Here is an opportunity for tremendous development," he said.

Stanley E. Halstead, representative of the Golden Gate Bridge Fiesta Citizens Committee, spoke on the fiesta and what it will mean financially to bay area business men. He outlined decorative themes which many peninsula centers plan to carry out in celebration of the bridge opening.

W. E. Street, who last year opened in Daly City a new unit of his Ford distributing agency, addressed the association on general progress of this community and the opportunities for expansion which lie ahead.

DISCUSS ACTIVITIES

Several important activities — awarding of the radio and washing machine as prizes for the local trading program, the endorsement of a business directory and the annual picnic to be held at Oak Cove Park on August 1 were discussed at length.

A motion carried authorizing the president to appoint a committee to appear before the city council and ask that a Sunday closing ordinance be considered for Daly City. The president was instructed by a second motion to advise the committee to make a thorough survey as to the attitude of merchants on a closing ordinance and keep a record of their findings. Purpose of the record was to facilitate intelligent action on the proposal.

Five dollars was voted to purchase an ad in the annual ball program of the Widows and Orphans Association of the Daly City Fire Department.

Son Of Daly City Business Man Weds

Miss Rosina Iorio, daughter of Mr. and Mrs. Frank Iorio of Twenty-seventh avenue, San Francisco and William J. Sweeney Jr., son of Mr. and Mrs. William J. Sweeney of Mission street, were married, Saturday morning of last week, at 9 o'clock by Reverend Father Mullins at a nuptial mass in St. Anne's Church in San Francisco.

The bride, who was given in marriage by her father, was gown in a period type white lace gown. Her long tulle veil was held in place by a Juliet cap trimmed in orange blossoms and she carried a white prayer book with streamers of white orchids and lilies of the valley. The bride's sister, Miss Connie Iorio, dressed in pink silk net over taffeta and carrying a bouquet of lavender orchids, was the maid of honor.

Ray Sweeney was his brother's best man, and the ushers were George Tocalino and Pat Iorio. A wedding breakfast for the bridal party and immediate family was served at 11 o'clock at the Hotel Stewart and reception honoring the young couple was held at the home of the bride's parents in the afternoon between 2 and 5.

Mr. Sweeney, who was born and reared in Daly City, and his bride have motored south for their honeymoon and after two weeks absence will return to make their home in St. Mary's Park in San Francisco.

Couple United In Church Wedding

Miss Relia Skidmore of Burlingame became the bride of Raymond J. Lewis of Santa Barbara avenue at a quiet wedding ceremony performed Saturday morning of last week by Bishop Claude H. Nalder at the Church of Latter Day Saints on Hayes street, San Francisco.

The bride, who was attended by the groom's sister, Miss Mary Lewis, was attired in a gown of pale blue crepe de chine with lace puffed sleeves and bodice. A small blue hat with veil and a corsage of gardenias completed her costume.

The groom was attended by his brother-in-law, Harry R. Coomber of San Francisco, as best man.

The bride, who has been making her home in Burlingame the past few months, is the daughter of J. A. Skidmore of Delta, Utah.

Following the ceremony a buffet luncheon was served at the new home of the young couple on Polk street, San Francisco, with Miss Mary Lewis acting as hostess.

Those present, in addition to the honored couple and hostess, were Mr. and Mrs. Larry H. Coomber of Hyde street, San Francisco; Mr. and Mrs. Clyde Brush of Oakland and Merle Skidmore of Martinez.

STUDEBAKER bars no six built in this country from this challenge. Studebaker fearlessly agrees to measure the 1937 Dictator against the whole field of sixes—on any basis you name... specifications, performance, economy, safety, workmanship, or styling.

But in all fairness let us warn you that the 1937 Dictator is the world's first six offering the dual economy of the Fram oil cleaner and the gas-saving automatic overdrive... the world's first six offering automatic hill holder plus hydraulic brakes... the world's only six with non-slam doors.

See it... drive it... and you'll understand why Studebaker so confidently makes this sweeping challenge.
